ACKNOWLEDGMENT OF ASSUMPTION OF RISK AND RELEASE

I/We, _____, with intent to be legally bound, expressly recognize
(print name(s))

that a tube float on the Delaware River is an activity carrying significant risk of personal injury. I/we know that there are natural and man made obstacles, surface and sub-surface hazards, and environmental conditions and risks which can cause me a very severe and/or fatal injury and that the JAG Memorial Fund is a non-profit organization which does not carry insurance. I/we voluntarily and expressly assume the risk of injury while participating in the tube float and related activities and further recognize and agree that I/we, and not the JAG Memorial Fund or its officers, directors, agents, servants and employees, am/are solely responsible for my safety while participating in the tube float and related activities. In consideration of being allowed to participate in the tube float and related activities on behalf of myself, my heirs, executors, personal representatives and assigns, I/we hereby release the JAG Memorial Fund, and its affiliates, subsidiaries, directors, officers, agents, employees, successors and assigns or any of them, from any and all actions, cause of action, claims, damages, demands, injuries and liability of any nature whatsoever arising out of or in any manner connected with their involvement with the tube float and related activities. I/we specifically release and discharge the above named parties from any and all liability, even though liability may arise or might have arisen out of the negligence, carelessness, gross negligence or any other type action or inaction on the part of the persons or entities mentioned above.
